Public Notice of Application for Permit

REVISION

PUBLIC NOTICE DATE

14 October 2004

EXPIRATION DATE

15 November 2004

CEPOA-CO Number POA-1976-124-1
Chatham Strait

On August 18, 2004, the Alaska District Corps of Engineers published a Public Notice CEPOA-CO Number POA-1976-124, Chatham Strait for an application received for a Department of the Army permit from Mr. Richard L. Powers, Whaler's Cove Lodge, P.O. Box 101, Angoon, Alaska 99820-0101.

The notices and plans showed that the existing dock configuration extends out from the current dock in a northeasterly direction beyond the eastern boundary of the current tidelands lease by approximately 90'. In addition, there were two finger floats of approximately 60' and 80' respectively, as well as a 16' x 32' float-plane dock, fish house and cleaning table which were not authorized. The finger floats also extend eastward of the lease boundary.

Construction was also proposed for the following additional installations: (1) a 246' x 12' wide dock, (2) a 596' x 10' wide dock, (3) a 16' x 32' extension to the existing float plane dock, (4) a 20' x 50' building, (5) a 34' x 122' float. Approximately 20 more piling will be needed to accommodate the new dock system; these will be 1' diameter x 45' - 60' in length and be either steel or pressure-treated wood.

This information has been revised and should now read: the docks in the area near the right-of-way have been eliminated and new docks added where the existing float plane dock is now located. The existing docks are "Finger Float A" (180' x 10') and "Finger Float B" (180' x 9'). The new docks are identified as "Finger Float C" (addition of 40' x 10') and "Finger Float D" (160' x 10').

Two additional float plane docks are planned in addition to the existing float plane dock (total area 16' x 96'). Boats will be refueled from fuel lines/hose reels brought to the applicant's dock from a fuel pumping station (now to be located on the applicant's property instead upon an adjacent public right-of-way).

All other information contained in the previous notice remains the same. Please bring this announcement to the attention of anyone you know who is or may be interested. Please contact Ms. V. Glooschenko at (907) 753-2720 or toll free from within Alaska at (800) 478-2712, if further information is desired concerning this notice.
